Principal's Message:

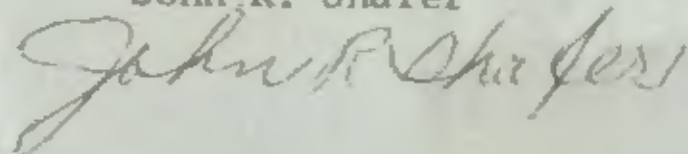

One of the great needs of our society is that of more effective human relations. Individuals, states and nations fail to understand their responsibility in this area. The religious, racial and economic differences must be resolved. Education can meet this need.

A life of continual learning is vital for every individual. We live in rapidly changing times. Automation, population mobility, scientific change and increased leisure time are factors which affect our society and make it necessary for an individual to have a systematic approach to a lifetime of learning.

We extend to the class of 1967 our best wishes for a full and useful life.

Sincerely,

John R. Shafer

Foreword

The Warriors of 1964 were the first to graduate from our new school. They have opened the trail which we have followed, growing in stature and wisdom. With the passing years, knowing that we have carried a new section of the *Totem*, we have carried the proudness of the "Mohawk Warriors." Much as the *Totem* has been carved year by year, we, too, have progressed from the bottom up the ladder of knowledge. We have helped in the forming of a new school of learning. One which every member of our class can proudly say is "our school." As alumni of Mohawk, we will watch the growth of the *Totem* year by year.

Exchange Student

Manohari Swarupa Jivanathan, "Soupy", of Colombo, Ceylon, deems it an honor and a privilege to have been one of the first exchange students from Ceylon. Swarupa could not have been happier with the locale of her exchange year. A great group of students, friendly and helpful administration and faculty, and a wonderful school building have made her year everything she could have asked for.

Most impressive about our country was the variety of seasons, especially winter. Never having seen snow, before, she found it quite an experience.

Swarupa says that two words express her feelings – "Thanks Mohawk"

In the league opener, the Warriors were stunned by the aggressiveness of the Shenago Wildcats. Jim Denny and Neal Gwin did the scoring, but it proved not enough as the game ended 20-13 in Shenango's favor

NEW WILLMINGTON

The plucky Warriors battled all the way for this game and beat the Hounds everywhere but on the scoreboard. The final score was New Willmington, 13 and Mohawk, 7

SLIPPERY ROCK

Against Slippery Rock, the Warriors made a few costly mistakes that ended in a defeat for Mohawk. The Rockets were out-played on the field in every department except pointwise as the final score was 13-7. Jim Denny scored Mohawk's only touchdown

One of the darker spots in 1966 season for the Warriors was when the Spartans ran wild in the rain on their home field. We just couldn't seem to get started. The final score was 24-0.

LAKEVIEW

The men of Boggia scored in every quarter and intercepted seven passes in beating Lakeview's Sailors, 26-0. A good game was played by all. Jim Denny scored two touchdowns while Kenny Andrews scored one, and Dave Pezzuolo scored one on an interception.

UNION

On the Union High field, the Warrior attack just couldn't get started. Jim Denny ran back a kick-off 80 yards, but the final score showed Union ahead 41-7.

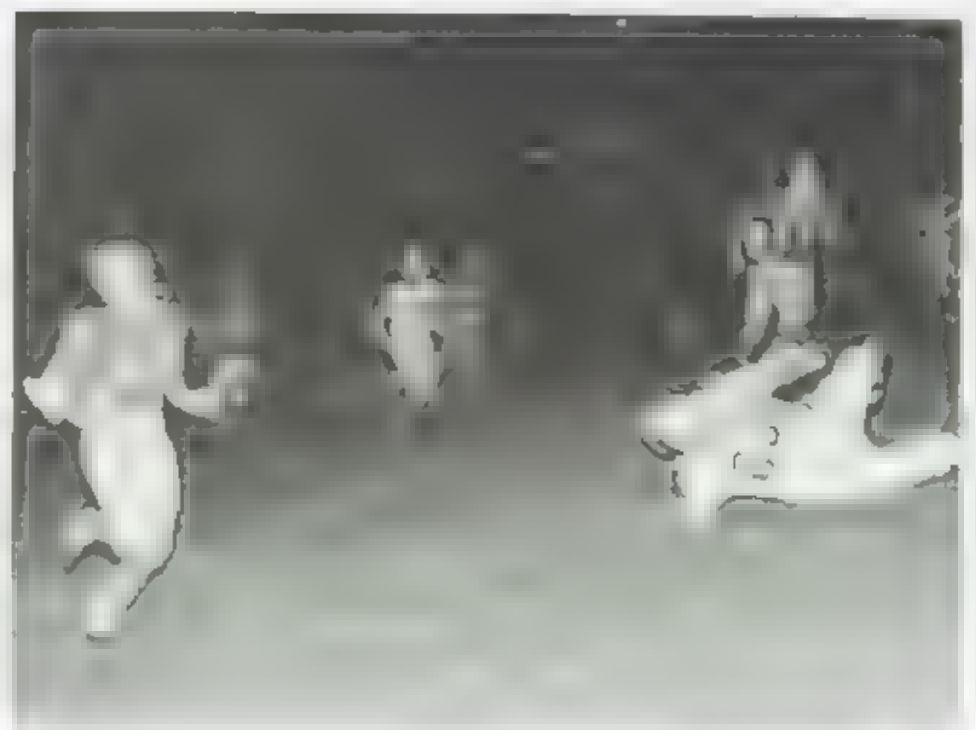

MERCER

Against Mercer, the Warrior defense was a standout as it picked off three interceptions and scrambled for three Mustang fumbles. Jim Denny electrified the crowd with a 77 yard touchdown run from a kickoff return. The Warriors were stopped on the six inch line in the second quarter, and that proved to be the game as Mercer won 14-7

NESHANNOCK

The Warriors played one of their better games against Neshannock. It was a close game until late in the third period when a key interception turned the game into a 20-7 loss for Mohawk. Kelly Clark scored the only Warrior touchdown.

NORTHWESTERN

Closing out the season, the Warriors showed their true team spirit by beating Northwestern, 41-6. The Warrior defense picked off five interceptions and a fumble. Two touchdowns were scored by Glenn Barber and Neal Gwin. The team's leading scorer, Jim Denny, didn't make any points, but threw two touchdowns from his halfback position.

Intramurals

Intramurals this year were again a race by two or three teams in each grade for the championship. The Sophomore title was taken by the Flashbacks who won the first half and defeated both the other competitors in one night to take the second half. Junior intramurals ended in a tie! The first half of the senior intramurals was won by the Hangmen but they were defeated by the 69'ers in the last game of the half to cause a tie in that grade. The winners of the Senior intramurals will play the J.V.'s later in the year

Farewell

I remember

- . the happiness when my first sister was born.
- . the excitement on my first day of school.
- . the sadness when my playmate, Bobby Long, died when we were only seven
- . the loneliness of changing schools.
- . the fun I had in Junior High, especially in 8-A.
- . the daring Casanovas at my thirteenth birthday party.
- . the thrill of my first date.
- . the fright of taking my driver's test.
- . the gaiety of my first prom.
- . the work and enjoyment that went into the 1967 *Totem*.

These memories deal with youth and the growing-up years, but they will never be forgotten, even though, I, like so many others, am leaving the halls of Mohawk and will encounter more experiences and memories. This is only good-by for now, but not forever

We're Proud, Too

Parents and families aren't the only ones who are proud of this year's graduating class. We, too, have several reasons to congratulate the seniors and extend our sincere best wishes.

To begin with, our companies provide materials which are used both directly and indirectly in school construction. In addition, our companies pay industrial taxes and our employees pay real estate taxes which are used to help run the schools.

As good citizens, we are pleased to support this community . . . which in turn has supported us by using our industrial and agricultural products for so many years.
